RESEARCH EXPERIENCE

2023 – present
PhD Student
Unravelling the impact of affective states on creativity: a neurocognitive investigation
Supervisor: Dr. Alizée Lopez-Persem · Paris Brain Institute (ICM) – FrontLab – CreaTeam

2022 – 2023
6 months
Graduate internship, Research assistant
Generalization of the role of subjective valuation in creativity
Supervisor: Dr. Alizée Lopez-Persem · Paris Brain Institute (ICM) – FrontLab – CreaTeam

2022
2 months
Internship
Electrophysiological source localization during gait inhibition
Supervisors: Dr. Nathalie George, Déborah Ziri · Paris Brain Institute (ICM) – Experimental Neurosurgery

2021 – 2022
1 year
Internship
Interpersonal synchrony as a substrate of emotion alignment
Supervisors: Dr. Julie Grèzes, Victor Chung · Laboratory of Cognitive and Computational Neurosciences (LNC2) – Social Cognition group

2021
Undergraduate internship, then Research engineer
Broca's involvement in language fluency
Followed by 3 months as research engineer: evaluation of cognitive and motor abilities
Supervisor: Dr. Irene Cristofori · Marc Jeannerod Institute of Cognitive Sciences (ISC) – CNRS, Lyon

2021
2 months
Internship
Cognitive and cerebral bases of auditory hallucinations in schizophrenia
Supervisor: Dr. Marine Mondino · Lyon Neuroscience Research Center (CRNL) – PSYR2 team

2020
1 month
Internship
Introduction to clinical research
Supervisors: Dr. Alice Poisson, Dr. Caroline Demily · CH Le Vinatier & Marc Jeannerod Institute of Cognitive Sciences (ISC), Lyon

AWARDS & GRANTS

2026
GRANTS **Training grant in computational psychiatry**
PROPSY-EDU, University of Bordeaux

2026
AWARDS **Project Prize, Hacktion Potential hackathon**
Paris Brain Institute

2023
GRANTS **Doctoral scholarship**
Sorbonne University

2023
AWARDS **Poster Prize of the Ajité·es**
Paris Brain Institute

PUBLICATIONS

2025
Subjective valuation as a domain-general process in creative thinking
Battistello, G., Moreno-Rodriguez, S., Volle, E. & Lopez-Persem, A.
Communications Psychology, 3, 108 · doi:10.1038/s44271-025-00285-8

Dissertations

2021
Interpersonal synchrony as a substrate of emotion alignment
Battistello, G., Chung, V. & Grèzes, J.
M.Sc dissertation, École Normale Supérieure, Paris

2020 **Broca's involvement in peripheral motor activities: a lesion study**
Battistello, G. & Cristofori, I.
B.Sc dissertation, Claude Bernard University Lyon 1

TEACHING & SUPERVISION

Teaching

2026 **Teaching Assistant**
Literature review & meta-analysis
Master of Cognitive Science (Cogmaster), ENS – PSL

2025 **Teaching Assistant**
Literature review & meta-analysis
Master of Cognitive Science (Cogmaster), ENS – PSL

2025 **Invited lecturer**
Artificial neural networks to probe creativity
Master iMind, PSL University

2024 **Invited lecturer**
Probing creativity with an experimental approach
Master iMind, PSL University

Student supervision

2026 Areti Daskalou
M.Sc · Methodological supervision

2026 Wissam Mokrani
B.Sc · Conceptual supervision

2025 Yasmin Schille
B.Sc · Methodological supervision

2024 Julie Tang
M.Sc · Methodological supervision

TALKS & POSTERS

2026 **The modulatory role of emotions on creativity through the lens of individual preferences**
Battistello, G., Tang, J. & Lopez-Persem, A.
POSTER Symposium on the Biology of Decision Making (SBDM), Paris, France

2025 **How is mood related to creative idea evaluation?**
Battistello, G., Tang, J., Vinckier, F. & Lopez-Persem, A.
POSTER Society for the Neuroscience of Creativity (SfNC), Paris, France

2025 **Dissecting decision processes of creativity in depression: preserved valuation mechanisms aside from altered monitoring of goal-directed dimensions**
Battistello, G., Tang, J., Vinckier, F. & Lopez-Persem, A.
POSTER Symposium on the Biology of Decision Making (SBDM), Lyon, France

2024 **Domain-generalization of valuation in creative ideation**
Battistello, G., Moreno-Rodriguez, S., Volle, E. & Lopez-Persem, A.
TALK Society for the Neuroscience of Creativity (SfNC), Toronto, Canada
POSTER Cognitive Neuroscience Society (CNS), Toronto, Canada
POSTER Society for NeuroEconomics (SNE), Lisbon, Portugal
POSTER Marconi Institute for Creativity (MIC), Cagliari, Italy
POSTER Orbitofrontal Cortex meeting (OFC), Paris, France

2023 **Generalization of the role of subjective valuation in creativity**
Battistello, G., Moreno-Rodriguez, S., Volle, E. & Lopez-Persem, A.
POSTER Ajité·es poster session, Paris Brain Institute (ICM), Paris, France POSTER PRIZE
POSTER Colloque Jeunes Chercheurs (CJC FRESCO), Paris, France
POSTER Forum of Cognitive Sciences (FSC), Paris, France

2022 **Implicit and explicit mechanisms of collective emotion: moderators and correlates of interpersonal emotion alignment in dyads watching film clips together**
Chung, V., **Battistello, G.**, Pacherie, E., Mennella, R. & Grèzes, J.
TALK Central European Cognitive Science Association (DUCOG 2022), Dubrovnik, Croatia

TEAM RESPONSIBILITIES

2025 – present **Social event organiser**
FrontLab – CreaTeam, Paris Brain Institute

2024 – 2025 **Meeting manager**
FrontLab – CreaTeam, Paris Brain Institute

SERVICE & OUTREACH

Conference organisation

2025 VOLUNTEER SfNC meeting

2024 VOLUNTEER CNS meeting

2024 VOLUNTEER SfNC meeting

Public outreach & science communication

2025 CO-ORGANISER MasterClass on creativity
Paris Brain Institute

2025 CO-ORGANISER Creativity · Brain Awareness Week
Paris Brain Institute

2025 INTERVIEW Grand Prix Halphen 2025 — témoignages
Philippe & Maria Halphen Foundation

2023 ORGANISER Bipolar disorder roundtable · Brain Awareness Week
With Dr. Fabien Vinckier (MD, PhD) and writer Ariane Monceau

2023 CO-ORGANISER Creativity & Neuromyths
INSERM

2023 CO-ORGANISER MasterClass on creativity
Paris Brain Institute

Para-professional activities

2023 – 2025 Head of the Treasury
Budget managed: €40,000/year
Ajité·es – Association of young researchers at the Paris Brain Institute

2025 Head of the Listening Unit (support for well-being at work)
Ajité·es – Association of young researchers at the Paris Brain Institute

2023 Art Club
Ajité·es – Association of young researchers at the Paris Brain Institute

2019 – 2022 Peer-to-peer prevention & risk reduction
Claude Bernard University Lyon 1 – Health center
CERTIFICATE Mental Health First Aid (MHFA)
CERTIFICATE Sexual and gender-based violence
CERTIFICATE Drug consumption: stigma & risk reduction

Peer reviewing

2025 REVIEWER Creativity Research Journal

EDUCATION

2021 – 2023 **M.Sc in Cognitive Science (Cogmaster)**
Major: cognitive neuroscience (4% admission rate) · Minor: computational modelling
École Normale Supérieure (ENS – PSL), Paris

2018 – 2021 **B.Sc in Human Physiology**
Modules: neurophysiology, molecular and cellular biology, animal physiology, genetics, statistics
Options: neuroscience, introduction to psychology, travel through the brain
Claude Bernard University Lyon 1

TRAINING

2026 **Computational Psychiatry Course (CPC)**
Theoretical and hands-on modelling of brain and behaviour applied to psychiatry
Translational Neuromodelling Unit, University of Zurich & ETH Zurich

2025 **Computational Decision Sciences (CDS)**
From reinforcement learning to complex collective behaviour
Royal Holloway, University of London

2025 **COGNESTIC**
Neuroimaging analysis with open-source libraries
MRC Cognition and Brain Sciences Unit, University of Cambridge

2025 **Neuromatch Academy (online)**
Computational neuroscience methods in Python

2024 **Human Brain Anatomy Course**
Descriptive and practical observation of human brain specimens
King's College London, with Dr. Paul Johns (Institute of Neurology, UCL)

2024 **Information Theory and Self-Organisation (online)**
System dynamics and information-theoretic measures
University of Sydney, with Dr. Joseph Lizier

HOBBIES

2024 – present **Luta livre / freestyle wrestling**

2023 – present **Photography**
Semi-professional

2022 – present **Running**
Half-marathon level

SOFTWARE & TOOLS

Generative Bayesian/Brain/Behavior Modelling (GBM) toolbox
Developer: Gino Battistello
Bayesian generative modelling of brain and behaviour in Python.
Parameter estimation, uncertainty quantification and model comparison.

RESEARCH EXPERTISE & TECHNICAL SKILLS

Topics	
Disciplines	Cognitive neuroscience; Experimental psychology
Research themes	Value-based decision-making; Creativity and divergent thinking; Emotions, moods and affects; Social cognition and interpersonal synchrony
Neuroanatomy and functional organisation	Prefrontal cortex; Limbic system; Structure-function coupling
Methodology	
Neuroimaging	**MRI:** Task-based functional MRI; Resting-state functional MRI; anatomical MRI
Electrophysiology	**Intracranial EEG:** Data collection; Local Field Potential (upcoming) **High-density EEG:** Preprocessing; Source localisation
Peripheral physiology	Electrocardiography (ECG); Skin conductance (EDA/GSR); Electromyography (EMG)
Statistical and computational methods	Descriptive and inferential statistics; Machine learning; Deep learning
Computational modelling	**Toolboxes:** Variational Bayesian Analysis (VBA); Generative Bayesian Modelling (GBM) toolbox
Programming	**Scientific computing:** Python, MATLAB, R **Web technologies:** HTML, JavaScript
Scientific software	**Machine learning:** scikit-learn **Deep learning:** Keras, PyTorch **Neuroimaging and electrophysiology:** FieldTrip, Nilearn, SPM, FSL, FreeSurfer, MRIcron
Scientific communication and organisation	
Communication	Scientific writing and oral presentations **Tools:** Office suites
Reference management	**Tool:** Zotero
Project and knowledge organisation	**Tool:** Notion
